## § 166-2. Rabies vaccination required.

A. Rabies vaccination. The owner of a dog shall have the dog vaccinated against rabies by a veterinarian within 30 days after the dog reaches five months of age and revaccinated within one year after the initial vaccination. If the owner obtains the dog or brings the dog into the Village of Spring Green after the dog has reached five months of age, the owner

[^0]shall have the dog vaccinated against rabies within 30 days after the dog is brought into the Village unless the dog has been vaccinated as evidenced by a current certificate of rabies vaccination. The owner of a dog shall have the dog revaccinated against rabies by a veterinarian before the date that immunization expires as stated on the certificate of vaccination or, if no date is specified, within two years after the previous vaccination. The certificate of vaccination shall meet the requirements of § 95.21(2), Wis. Stats.
B. Issuance of certificate of rabies vaccination. A veterinarian who vaccinates a dog against rabies shall complete and issue to the owner a certificate of rabies vaccination bearing a serial number and in the form approved by the Village stating the owner's name and address, the name, sex, spayed or unspayed, neutered or unneutered, breed and color of the dog, the date of the vaccination, the type of rabies vaccination administered and the manufacturer's serial number, and the date that the immunization expires as specified for that type of vaccine by the Centers for Disease Control of the United States Department of Health and Human Services and the Village.
C. Copies of certificate. The veterinarian shall keep a copy of each certificate of rabies vaccination in a file maintained for this purpose until the date that the immunization expires or until the dog is revaccinated, whichever occurs first.
D. Rabies vaccination tag. After issuing the certificate of rabies vaccination, the veterinarian shall deliver to the owner a rabies vaccination tag of durable material bearing the same serial number as the certificate, the year the vaccination was given and the name, address and telephone number of the veterinarian.
E. Tag to be attached. The owner shall attach the rabies vaccination tag or a substitute tag to a collar and a collar with the tag attached shall be kept on the dog at all times, but this requirement does not apply to a dog during competition or training, to a dog while hunting, to a dog securely confined indoors or to a dog securely confined in a fenced area. The substitute tag shall be of a durable material and contain the same information as the rabies vaccination tag. The requirements of this subsection do not apply to a dog which is not required to be vaccinated under Subsection A.
F. Duplicate tag. The veterinarian may furnish a new rabies vaccination tag with a new serial number to an owner in place of the original tag upon presentation of the certificate of rabies vaccination. The veterinarian shall then indicate the new tag number on the certificate and keep a record in the file.
G. Cost. The owner shall pay the cost of the rabies vaccination and the cost associated with the issuance of a certificate of rabies vaccination and the delivery of a rabies vaccination tag.
§ 166-3. Dog and kennel licenses.
A. Dog licenses.
(1) It shall be unlawful for any person in the Village of Spring Green to own, harbor or keep any dog more than five months of age without complying with the provisions of §§ 174.05 through 174.09 , Wis. Stats., relating to the listing, licensing and tagging of

[^1]the same.
(2) The owner of any dog more than five months of age on January 1 of any year, or five months of age within the license year, shall annually, or on or before the date the dog becomes five months of age, pay a license tax and obtain a license.
(3) Upon payment of the required license tax and upon presentation of evidence that the dog is currently immunized against rabies, as required by $\S 166-2$ of this chapter, the Village Clerk-Treasurer shall complete and issue to the owner a license for such dog containing all information required by state law. The Village Clerk-Treasurer shall also deliver to the owner, at the time of issuance of the license, a tag of durable material bearing the same serial number as the license, the name of the county in which issued and the license year.
(4) The owner shall securely attach the tag to a collar and the collar with the tag attached shall be kept on the dog for which the license is issued at all times, except as provided in § 166-2E.
(5) The fact that a dog is without a tag attached to the dog by means of a collar shall be presumptive evidence that the dog is unlicensed. Any Village police or humane officer shall seize, impound or restrain any dog for which a dog license is required which is found without such tag attached.
(6) Notwithstanding the foregoing, every dog specifically trained to lead blind or deaf persons is exempt from the dog license tax, and every person owning such a dog shall receive annually a free dog license from the Village Clerk-Treasurer upon application therefor.
B. Kennel licenses.
(1) Any person who keeps or operates a kennel may, instead of the license tax for each dog required by this chapter, apply for a kennel license for the keeping or operating of the kennel. Such person shall pay for the license year a license tax as set by the Village Board. Upon payment of the required kennel license tax and, if required by the Village Board, upon presentation of evidence that all dogs over five months of age are currently immunized against rabies, the Village Clerk-Treasurer shall issue the kennel license and a number of tags equal to the number of dogs authorized to be kept in the kennel. Kennels may only be located in areas so designated by the Village Zoning Ordinance.
(2) The owner or keeper of a kennel shall keep at all times a kennel license tag attached to the collar of each dog over five months old kept by the owner or keeper under a kennel license, but this requirement does not apply to a show dog during competition, to a dog securely confined indoors or to a dog securely confined in a fenced area. These tags may be transferred from one dog to another within the kennel whenever any dog is removed from the kennel. The rabies vaccination tag or substitute tag shall remain attached to the dog for which it is issued at all times, but this requirement does not apply to a show dog during competition, to a dog securely confined indoors or to a dog securely confined in a fenced area. No dog bearing a kennel tag shall be

[^2]permitted to stray or to be taken anywhere outside the limits of the kennel unless the dog is on a leash or temporarily for the purposes of hunting, breeding, trial, training or competition.
(3) The term "kennel" means any establishment wherein or whereon three or more dogs are kept.
(4) No kennel license shall be issued to the keeper or operator of a kennel who fails to provide proper food and drink and proper shelter for the dogs in said kennel or who neglects or abandons said dogs. The Chief of Police or other designated official shall investigate any complaints regarding the failure to maintain proper standards or investigate any kennel premises upon his own initiative. Expressly incorporated by reference in this section as minimum standards for kennel keepers or operators are the relevant provisions of Ch. 951, Wis. Stats.

## § 166-4. Late fee.

The Village Clerk-Treasurer shall assess and collect a late fee as provided in § 174.05(5), Wis. Stats., from every owner of a dog five months of age or over if the owner failed to obtain a license prior to April 1 of each year, or within 30 days of acquiring ownership of a licensable dog, or if the owner failed to obtain a license on or before the dog reached licensable age. Said late fee shall be charged in addition to the required license fee.

## § 166-5. Rabies quarantine.

A. Dogs and cats confined. If a district is quarantined for rabies, all dogs and cats within the Village shall be kept securely confined, tied, leashed or muzzled. Any dog or cat not confined, tied, leashed or muzzled is declared a public nuisance and may be impounded. All officers shall cooperate in the enforcement of the quarantine. The Village ClerkTreasurer shall promptly post in at least three public places in the Village notices of quarantine.
B. Exemption of vaccinated dog or cat from Village quarantine. A dog or cat which is immunized currently against rabies, as evidenced by a valid certificate of rabies vaccination or other evidence, is exempt from the Village quarantine provisions of Subsection A if a rabies vaccination tag or substitute tag is attached to the dog's or cat's collar.
C. Quarantine or sacrifice of an animal suspected of biting a person or being infected or exposed to rabies.
(1) Quarantine or sacrifice of dog or cat. An officer or animal warden shall order a dog or cat quarantined if the officer has reason to believe that the animal bit a person, is infected with rabies or has been in contact with a rabid animal. If a quarantine cannot be imposed because the dog or cat cannot be captured, the officer may kill the animal. The officer shall attempt to kill the animal in a humane manner and in a manner which avoids damage to the animal's head.
(2) Sacrifice of other animals. An officer may order killed or may kill an animal other

[^3]than a dog or cat if the officer has reason to believe that the animal bit a person or is infected with rabies.
D. Quarantine of dog or cat.
(1) Delivery to isolation facility or quarantine on premises of owner. An officer or animal warden who orders a dog or cat to be quarantined shall deliver the animal or shall order the animal delivered to an isolation facility as soon as possible but no later than 24 hours after the original order is issued, or the officer may order the animal to be quarantined on the premises of the owner if the animal is immunized currently against rabies as evidenced by a valid certificate of rabies vaccination or other evidence.
(2) Health risk to humans. If a dog or cat is ordered to be quarantined because there is reason to believe that the animal bit a person, the custodian of an isolation facility or the owner shall keep the animal under strict isolation under the supervision of a veterinarian for at least 10 days after the incident occurred. In this subsection, "supervision of a veterinarian" includes, at a minimum, examination of the animal on the first day of isolation, on the last day of isolation and on one intervening day. If the observation period is not extended and if the veterinarian certifies that the dog or cat has not exhibited any signs of rabies, the animal may be released from quarantine at the end of the observation period.
(3) Risk to animal health.
(a) If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal and if the dog or cat is not currently immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for 180 days. The owner shall have the animal vaccinated against rabies between 155 and 165 days after the exposure to a rabid animal.
(b) If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal but if the dog or cat is immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for 60 days. The owner shall have the animal revaccinated against rabies as soon as possible after exposure to a rabid animal.
(4) Destruction of a dog or cat exhibiting symptoms of rabies. If a veterinarian determines that a dog or cat exhibits symptoms of rabies during the original or extended observation period, the veterinarian shall notify the owner and the officer who ordered the animal quarantined and the officer or veterinarian shall kill the animal in a humane manner and in a manner which avoids damage to the animal's head. If the dog or cat is suspected to have bitten a person, the veterinarian shall notify the person or the person's physician.
E. Delivery of carcass; preparation; examination by Laboratory of Hygiene. An officer who kills an animal shall deliver the carcass to a veterinarian or local health department. The veterinarian or local health department shall prepare the carcass, properly prepare and

[^4]package the head of the animal in a manner to minimize deterioration, arrange for delivery by the most expeditious means feasible of the head of the animal to the State Laboratory of Hygiene and dispose of or arrange for the disposal of the remainder of the carcass in a manner which minimizes the risk of exposure to any rabies virus. The Laboratory of Hygiene shall examine the specimen and determine if the animal was infected with rabies. The State Laboratory of Hygiene shall notify the Village, the veterinarian or local health department which prepared the carcass and, if the animal is suspected to have bitten a person, that person or the person's physician.
F. Cooperation of veterinarian. Any practicing veterinarian who is requested to be involved in the rabies control program by an officer is encouraged to cooperate in a professional capacity with the Village, the Laboratory of Hygiene, the local health department, the officer involved and, if the animal is suspected to have bitten a person, the person's physician.
G. Responsibility for quarantine and laboratory expenses. The owner of an animal is responsible for any expenses incurred in connection with keeping the animal in an isolation facility, supervision and examination of the animal by a veterinarian, preparation of the carcass for laboratory examination and the fee for the laboratory examination. If the owner is unknown, the county is responsible for these expenses.

## § 166-6. Restrictions on keeping of dogs, cats, fowl and other animals.

Any vicious dog which is found off the premises of its owner other than as hereinabove provided may be seized by any person and, upon delivery to the

If within seven days after such notice the owner does not claim such animal, the officer may dispose of the animal in a proper and humane manner, provided that, if an animal before being impounded has bitten a person, the animal shall be retained in the animal shelter for 10 days for observation purposes. Within such times, the owner may reclaim the animal upon payment of impoundment fees, such fees to be established by resolution of the Village Board. (3) If the owner or custodian is unknown and cannot, with reasonable effort, be ascertained or does not, within five days after notice, redeem the animal by paying the expenses incurred, it may be treated as a stray and dealt with as such.
(4) Whenever in the opinion of any such officer or animal warden an animal is hopelessly injured or diseased so as to be beyond the probability of recovery, it shall be lawful for such officer to kill such animal, and the owner thereof shall not recover damages for the killing of such animal unless he shall prove that such killing was unwarranted.
