PURPOSE

This budget represents the Village's plan for allocating resources. These resources include time, manpower and money and are allocated to accomplish the planned objectives set forth in the budget process. The budget document is a planning control and measurement tool of the Village. It is a comprehensive financial plan adopted annually by the Village Board, with the fiscal year starting on January 1st and ending December 31st.

Generally, the budget process begins in September and the budget is adopted in November. Once adopted, the control and measurement process of budget administration continues until fiscal year end, at which time, the external independent annual audit provides a review of the Village's budget performance. Therefore, the true budget process does not end when the budget is adopted, but is a year-round concern of the Village Board and staff.

November 2, 2016

Members of the Village Board and Citizens of the Village of Spring Green:

Submitted herewith for your consideration is the recommended budget for all funds of the Village government for the fiscal year ending December 31, 2017. Many hours of work were spent compiling the budget and the result of this effort provided the basis for the compilation of this budget, which, in its abbreviated form clearly indicates the probable costs of the various programs, policies and projects to be carried forth by the Village over the fiscal year 2017. A budget is nothing more than a roadmap for the direction in which the Village is going. The road to fiscal conservatism is a vital path to the long-term stability of this great Village.

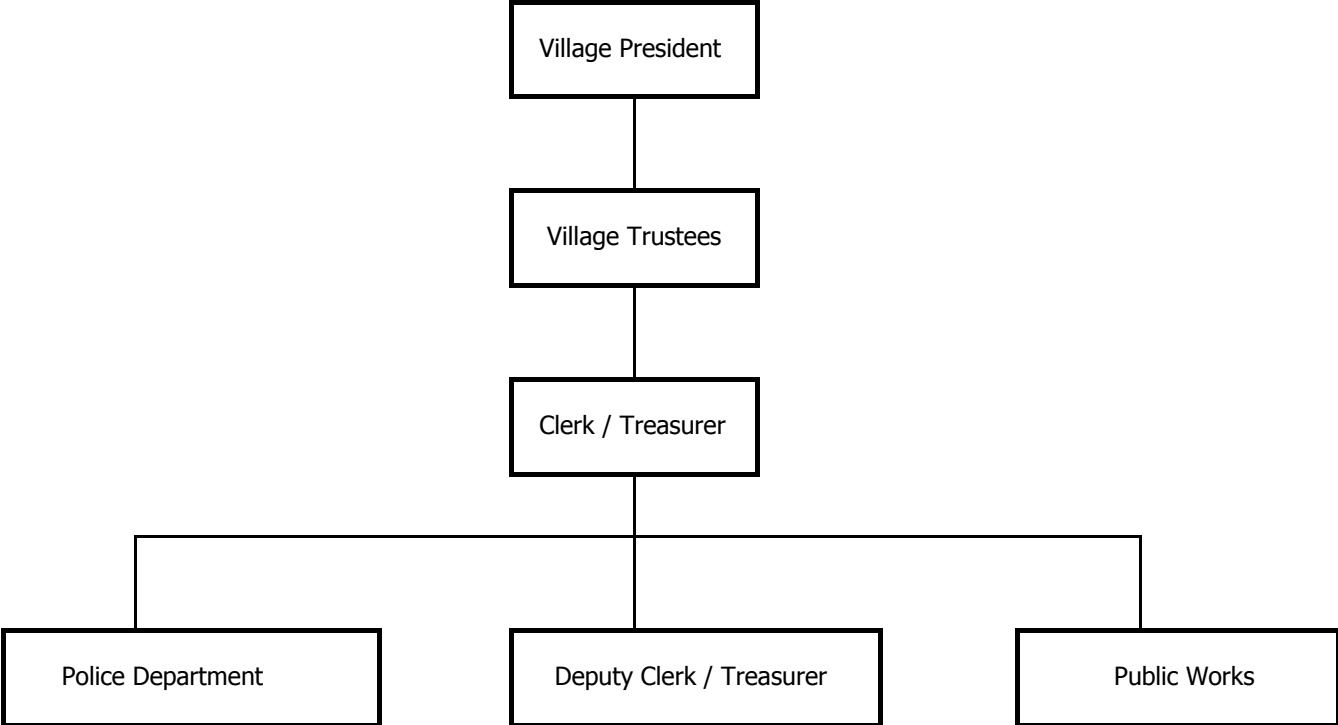

The State of Wisconsin has been facing major revenue reductions that has forced significant cuts in services, personnel and acquisitions. This dilemma has trickled down to the local municipalities in the guise of reduced shared revenues, transportation aids, and strict levy limits. Spring Green is blessed with a lack of general obligation debt.

Currently, Village employees enjoy a nice benefit package. As of March 2011 the Village employees began contributing 50% of their State Retirement, which previously had been paid in full by the Village of Spring Green. Also beginning January 2012, the Village employees began contributing a portion of their Health Insurance costs as mandated by the State of Wisconsin.

Wendy S. Crary, WCPC, MMC
